Dear Sir:

Your letter of December 31st, addressed to Mr. Johnson, has been referred to this department, and it would be our suggestion that you forward to us copy of your publication - SPANISH SONGS OF OLD CALIFORNIA. It may be that we would find in them some songs that would be well adapted to Victor records. At any rate, we would be very glad indeed to give them every consideration.

Very truly yours,

Artist and Repertoire Department,

Dear Sir:

As you suggest, I am sending to you personally a copy
of my "Spanish Songs of Old California," for your examination.

I do not know what the Victor practice is as to royalty
or their compensation to the holders of copyrights, but assume
that such a company is of course satisfactory. Would be glad
to be advised on this point should some arrangement be made
for the reproducing of any of these songs. I could probably
give you some useful hints for the guidance of the singer.

Sincerely Yours,

CFL/MD
